

Firewise Action Plan for Graeagle Fire Protection District

June 1, 2010

A. Communicate and educate regarding fire dangers to community

- Develop newspaper and community publication articles
- Discussion at Homeowner Association Meetings and Community Service District Meetings about assessment and solutions
- Develop a website for the Graeagle Fire Protection District
- Include information on Homeowner Association websites

B. Monitor fire prevention efforts

- Increase Home Ignition Zone (HIZ) consultations
- Encourage homeowner fuel reduction efforts
- Accomplish additional DFPZ work within and adjacent to the District
- Quantify results of these efforts

C. Improve signage throughout the District

- House number signs
- Street signs

D. Planning continual updates to action plan

- List and prioritize projects that can improve the Graeagle Fire Protection District
